

Play to Help

- JOAQUIN PONZO
- VICENTE ZANARDO
- BAUTISTA SICA

APP INSPIRATION

- The app was created because of the large number of children without having the possibility to eat or drink something due to the quarantine made us very sick and we want to help them.
- The idea is to be able to make a large dining room in which everyone can be eat in peace and if it goes well, it is to make an orphanage for those who have no family or home

What is this application for?

- This application helps needy children. As you are playing games and paying a little more you can play with famous people, too.

- While you're having fun, you're helping many children who really need from us.

- There is a lot of variety of games.

NORMAL PACK

In this you will be able to play some games like: Clash of clans, Clash Royale, Score Hero and subway surfers. And it's worth 5 dollars.

PREMIUM PACK

- In this you will have all the games of the normal pack plus Dragon city, Fortnite, Among us, Head soccer and werewolf.
- You will also be able to play 30 minutes with the famous one you want. And it's worth 30 dollars.

Info of the Application

- This application will be for all cell phones and you will be able to choose the language you prefer.
It will also have an option of donate food or something else. In these cases you can write us through the application and our representatives will get in charge of the rest.
- Another option to help is by donating 1,2,3 or 4\$ if you prefer to spend less money. Obviously you will play fewer games.
