# Why we choose this app?

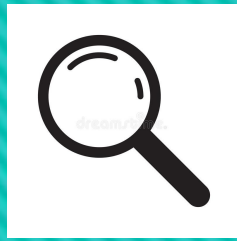

- We thought that this app would be very useful to people all over the world, not just to volunteers but also to campaigns and foundations that need donations or volunteers. We also thought that this would be such an interesting app because both of us have never saw an app like this before, that's the main reason why we decided to make this app.

## VACANCIES FOR THIS MONTH:

**Africa: Hospital** (special requests)

We're looking for nurses to work in this hospital with children and over aged people, there's no need to have experience just being compromise and patient...

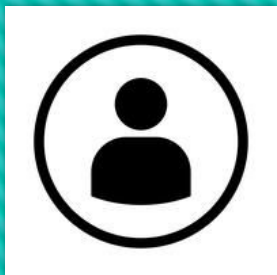

**Chaco, Argentina: Together against the Covid-19** (donations)

Our campaign is in need of masks, we need you to donate as much masks as you can so we'll distribute them all over the streets to people whom can't buy one...

**Ecuador: Solidary hearts** (volunteering)

We're a group of people whom every tuesday and weekend go to some neighborhoods to help people with low sources and we need volunteers to help US...

# Next Years

**Asturias, Spain: Lunches of love** (donations)

This is a place where people who not always have food or don't have 4 daily meals, can come here and feed themselves; but somedays a lot of people can't come here because we don't have enough food so if you could donate food, please send us a message...

**Buenos Aires, Argentina: Bottles of love** (environment)

Our campaign tries everyday to make the world a better place, we're a centre that receives bottles full of plastics from packages or school supplies like pens and we need volunteers who want to help us with this mission...

**France: Une main pour tous** (special requests)

Our campaign is about making arms and legs prosthesis with 3D impression but one of the printers have broke, so if you can please donate any amount of money for new printers so we could still continue working...

# Categories

- ❑ **Donations:** You can donate anything useful and in good conditions, like it clothes, food, materials, school supplies, etc.
- ❑ **Volunteering:** Volunteer people to help a campaign in a certain country or city depending on their age.
- ❑ **Environment:** this section contains only campaigns involved with the environment and both donations and volunteers can be made.
- ❑ **Specific needs:** if a campaign is in this category, it means that only a certain kind of person is needed, such as a nurse in a hospital or specific donations such as construction material for a campaign that makes houses.
