

APP WORK

Made by: Bautista Carrera Fernandez and Francesco Salatino
Teacher: Magali Gimenez

Name of the app

What about This show?

Logo

Why we decided to make this app?

We decided to make this app because we spend lot of time trying to decide what to watch on tv... So this app would recommend series and movies to watch and where you can watch them.

Sometimes happens that we want to watch series on Netflix but they don't have the first season. Don't worry anymore... this app could even tell you if it is dubbed to your language

DEVICES

- At the beginning it will be only for Samsung devices and if the app is well received...
- The app would continue to Apple devices

The use of the app

- This app will be used to see information about movies and series like the latest news and summaries of the episodes and movies

THANKS FOR YOUR ATTENTION
